Reduce Static in Polymer Processing Operations

Modified on Sunday, 01 February 2015 11:24 PM by [mpieler](#) Categorized as [Extrusion Hints](#) (10) » [Pressure Blips](#) » [Static Electricity Build Up](#) » **Reduce Static in Polymer Processing Operations** 

Reduce static in polymer processing operations
Vol. 23 #1, May 1996

Ion air knives and guns are useful in reducing static in polymer processing operations, especially in preventing edge trim static clogs and dusting in scrap recovery systems.

Sources include EXAIR (513) 671 3322, and Total Solution 1 800 821 6001.
